“

Hardworking and deadline driven college student who has always delivered work on time till now in my college journey at Haldia institute of technology, West Bengal.

Aiming to leverage my technical skills and knowledge of Web development to get an internship opportunity in IT sector. From the beginning of my college journey, I decided to be part of college or national level based society for enhancing my technical as well as team work and communication skills. Currently I am in 5 technical and non-technical societies in which 2 of them are national level and remaining are college based.

## Experience

### IETE - Institution of Electronics and Telecommunication Engineers

Web Developer and Video Editor

It is India's leading recognized professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. Founded in 1953, this society helps me to improve my technical knowledge as well as leadership qualities through workshops and skill development programs. Till now I worked on more than three projects in this society.

### CSI - Computer Society of India

Video Editor and Technical

Computer Society of India is a body of computer professionals in India. It was started on 6 March 1965, has now grown to be the national body representing computer professionals. This society helps me to improve my video editing and team work skills.

### Needs - Spreading Smiles

Management

It is a college based NPO and a social service organization which works for people in and around Haldia with the basic amenities. A totally student funded Body, Needs focused not only on providing monetary help, but also organizes various events in nearby orphanages to encourage their talent. This society plays a lead role in developing my communication and Team management skills.

### Artefacts

Graphics Designer and Video Editor

Artefacts is a college based Electronics and Communication department's Society which mainly works on the events organized and the magazine's published in the department. Working here on the post of Graphic designer gives many opportunities of learning many aspects related to Graphics as well as Team work.
